

KOTIPALLI PREETI

hi info!

about me

i'm a first year informatics student focusing on SWE and HCI with a minor in data science. i'm also currently a first year representative with IUGA.

why me?

building community has always been my main motivation. i will make sure every info student knows the resources and people available to them!

experiences

- iuga first year representative (i helped organize the intern panel!)
- 5 years tutoring (Kumon + volunteer)
- led a team in NYU creating a seizure detection device

goals

- 4 industry panels a quarter
- more rso collabs!
- social events to meet new people
- for prospective majors - increased promotion + application support

i'm running for
director of outreach
